

MOUNTAIN VIEW WHISMAN SCHOOL DISTRICT

Immunization Notice

VERY IMPORTANT:

REGISTRATION PACKETS CAN ONLY BE ACCEPTED IF ALL OF THE IMMUNIZATIONS REQUIREMENTS ARE MET. THERE WILL BE NO EXCEPTIONS.

Immunizations are required by California State Law. Therefore, no child may be admitted to school unless there is written medical proof of immunizations. Students are to be given immunizations throughout their growth and development. Parents are responsible for updating any required immunizations. If you fail to do so, your student may be exempt from school at a later time. It is the intent of the Mountain View Whisman School District to comply with the law and protect its students from unnecessary exposure to disease, which can be prevented through up-to-date immunizations.

**For complete immunization requirements, please see
Immunization Requirements by Grade Level on the district website**

EXCEPTIONS:

- Starting January 1, 2016, in accordance with the new law SB277, parents or guardians of students in any school or child care facility, whether public or private, **will no longer be allowed to submit a personal beliefs exemption.** For further information and FAQs, please visit www.shotsforschools.org.
- **For Medical Exemptions Only**, written statement signed by the child's doctor in the event that he/she recommends against immunizations. This must be shown at the time of registration.

Required Immunizations:

- **At least 3 polio.** Last dose given after age 4. If #3 was given before the 4th birthday, then you are required to have #4.
- **At least 4 DTP/DTaP.** Last dose given after age 4. If #4 was given before the 4th birthday, then you are required to have #5.
- **3 Hepatitis B**
- **2 MMR** (measles, mumps, rubella). Both doses given on or after the 1st birthday.
- **1 Varicella** (chickenpox) or doctor verification of having the disease.
- **Tuberculosis (TB)** – Must be done in the US within 12 months prior to school registration.
 - A TB risk assessment must be completed by a healthcare provider. If the risks assessment is positive, a TB test must be completed. Acceptable TB tests include the Mantoux Tuberculin Skin Test (TST) and the Interferon Gamma Release Assay (IGRA blood test).
 - TB results must include the following information: the date given, the date read, results in millimeters (TST), and an indication if the results are positive or negative.
 - **If the TB test is positive, then a chest x-ray must be completed.** Results must include the date given, the results of the x-ray (normal or abnormal), and if the child is free of communicable tuberculosis (yes or no must be indicated).

INSTRUCTIONS:

California schools are required to check immunization records for all new student admissions at TK/Kindergarten **through** 12th grade and all students advancing to 7th grade before entry.

1. Notify parents of required immunizations and collect immunization records.
2. Copy the date of each vaccine from the child's immunization record to the California School Immunization Record (Blue Card, CDPH-286) and/or supplemental Tdap sticker [PM 286 S (01/11)] or enter into an approved electronic system that prints a Blue Card.
3. Compare number of doses on the Blue Card to the requirements above.
4. Determine whether child can be admitted.

ADMIT A CHILD UNCONDITIONALLY WHO:

- Has all immunizations required for their age or grade, or
- Entered Transitional Kindergarten with
 - a valid personal beliefs exemption (PBE) for missing shot(s) that was signed within 6 months prior to entry and filed before January 1, 2016 and
 - immunization records with dates for all required shots not exempted, or
- Is entering 1st-6th grade or 8th-12th grade and submits a valid PBE **filed at a prior California school** for missing shot(s) and immunization records with dates for all required shots not exempted. **The PBE must have been filed before January 1, 2016 and is only valid for the current grade span (TK/K through 6th or 7th through 12th grade).** For complete details, visit ShotsforSchool.org, or
- Submits a licensed physician's written statement of a permanent **medical exemption** for missing shot(s) and immunization records with dates for all required shots not exempted.

The immunization requirements do not prohibit pupils from accessing special education and related services required by their individualized education programs.

A CHILD WHO IS MISSING REQUIRED SHOTS MAY BE ADMITTED CONDITIONALLY IF HE/SHE:

- Is missing a dose(s) in a series, but the next dose is not due yet. This means the child has received at least one dose in a series and the deadline for the next dose has **not** passed, according to the table below.
- Has a temporary medical exemption to certain vaccine(s) and has submitted immunization records for vaccines not exempted. The statement must indicate which immunization(s) must be postponed and when the child can be immunized.

SCHOOLS NEED TO FOLLOW UP AFTER ADMISSION IF:

- Child was admitted conditionally. Notify parents of the deadline for missing doses. Review records every 30 days until all required doses are received.
- Awaiting records for transfers from within California or another state. School may allow up to 30 school days before exclusion.

When Missing Doses Can Be Given:

Vaccine	Age (Years)	Missing Dose	Earliest Date After Previous Dose	Deadline After Previous Dose
Polio		2nd	6 weeks	10 weeks
		3rd	6 weeks	12 months
	4-6	4th	If the 3rd dose was given before the 4th birthday, one more dose is required before admission.	
	7-17	4th	If the 3rd dose was given before the 2nd birthday, one more dose is required before admission.	
DTaP, DTP, or DT	Under 7	2nd or 3rd	4 weeks	8 weeks
		4th	6 months	12 months
		5th	If the 4th dose was given before the 4th birthday, one more dose is required before admission.	
DTaP, DTP, DT, Tdap, or Td	7 & Older	2nd	4 weeks	8 weeks
		3rd	6 months	12 months
		4th	If the 3rd dose was given before the 2nd birthday, one more dose is required before admission.	
MMR		2nd	1 month	3 months
Hep B	4-6	2nd	1 month	2 months
		3rd	2 months after 2nd dose and at least 4 months after 1st dose	6 months after 2nd dose
Varicella	13-17	2nd	4 weeks	3 months

DO NOT ADMIT A CHILD WHO:

Does not fit one of the previous categories. Refer parents to their physician with a written notice indicating which doses are needed.

Maintain a list of unimmunized children (exempted or admitted conditionally), so they can be excluded quickly if an outbreak occurs.
